### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The instant invention claims a multi-layer paper comprising at least two paper layers wherein such multi-layer paper has at least one peelable paper layer interface having a peel strength of 10 N/m or less. The multi-layer paper is peelable into at least two tissue sheets.

The closest prior art references that relate to the claimed invention are Johnson'012, Wang'168, Robinson'157, Webster'762 and Fujimura'712. The prior art references teach different adhesive compositions or different methods that can be used in paper industry to produce peelable articles. The prior art does not, however, teach or suggest the claimed structure and the claimed peel strength of the paper layer interface, which leads to peelable multi-layer paper of the instant invention..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
